#### **1.4 SME and Green Banking Activities**

Small and Medium sized Enterprises (SMEs) have drawn a lot of interest among policy makers, academics, businessmen and people in general. There is a broad consensus that a vibrant SME sector is one of the principal driving forces in the development of the economy of Bangladesh.

It is worthwhile to note that only few years back, almost 50% of banks deposits sourced from small and medium depositors, but, small and medium enterprises only obtained 30% of the loans. In this backdrop of capital scarcity—SMEs particularly small enterprises have had to rely significantly on informal credit sources—which are often inadequate and costly. Thus, small and medium enterprises can be referred to as the ‘missing middle’—neither small enough for microcredit from micro finance institutions, nor big enough to be considered bankable by lenders in the formal financial sector.

Considering the importance of SME sector in the economy of Bangladesh and understanding the constraints under which such enterprises operate and also as the most cost-effective means of fast industrialization and employment generation, Central Bank has adopted policy strategies for smooth and sustainable development of SMEs in all over the country and considered it as one of the vehicles for poverty alleviation, and generation of more employment.

With the directives of Bangladesh Bank, Trust Bank Limited initiated its SME program in the year 2009 by formulating an individual SME policy. Since inception, the SME loans in TBL are growing consistently. We are striving hard to take our SME business to a great height. Mentionable that we have been able to increase our SME portfolio significantly from Tk.7130.00 million in 2015 to Tk.14000.00 million in 2016. Trust Bank was nominated as one the most SME favored Bank by SME Foundation.

The bank is also financing under refinancing scheme of Bangladesh Bank, namely, ADB, JAICA, WE fund. Trust Bank’s strategy is to focus on marketing of the products through branch network and outsourcing agent in area/group approach to manufacturing, service, Agriculture and renewable energy sector. Banks exposure is thus well diversified in different sectors viz. power loom, Handloom, Light engineering, handicrafts, Nakshi khatha, garments accessories, Bio-Gas, Bio-fertilizer, Irrigation by Bio-Gas, Fisheries, Poultry, other agri-business and so on. This extension of SME financing has increasingly created the employment opportunity directly or indirectly throughout the country and expanding small enterprise and help minimizing the financial risk.

Trust Bank is well known in the financing of biogas plants. We are pioneer as well as market leader in the financing of biogas plants at farmer’s level. Our financed in this sector has reached to Tk.620.00 million against setting up of around 3000 biogas plants in different locations of the country. We also disbursed loan Tk.100.00 million among 1087 farmers through an NGO named SOJAG at Dhamrai under cluster approach.

Trust bank has also financed Tk.83.20 million for installation of 3008 solar-home systems through MFIs linkage in the district of Jenaidah and Munsigonj, Satkhira. A village named Howlipara, Jenaidah, is yet to be named as solar village. Tk.20.00 million has been disbursed through an MFI linkage for installation of 4 nos. of solar irrigation pumps and very recently we have signed an agreement with IDCOL for financing a recycling PET bottle plant at Rupgonj, first of its kind in Bangladesh. Besides, TBL opened 2(two) solar-base branch in the district of Lalmonirhat and Kishoregonj respectively. We have organized a ‘Green Day’ on April 15, 2014 and arranged a number of capacity & awareness building program among the bank employees as well as other people. TBL is equally concerned with carbon emission and waste management. Keeping this in mind, we have financed a green industry named Pretty Group with Tk.5600.00 million. We also financed Tk.1400.00 million against a 17th-toried building named ‘Cityscape Building’ located at Gulshan, which is popularly known as ‘Green Building. Our finance also extended to ETPs and auto brick fields.

Trust Bank is also committed to practice digital, nearly paperless, sustainable, green banking operations by making best use of the information technology and related professional skills. In recognition to our green activities, central bank has nominated Trust Bank Ltd as the only member of its Technical Advisory Committee for environment friendly banking from the Banking industry.

Material departures from the requirements of BFRS are as follows:

#### **i) Investment in shares and securities**

**BFRS:** As per requirements of BAS 39 investment in shares and securities generally falls either under “at fair value through profit and loss account” or under “available for sale” where any change in the fair value (as measured in accordance with BFRS 13) at the year-end is taken to profit and loss account or revaluation reserve respectively.

**Bangladesh Bank:** As per BRPD circular no. 14 dated 25 June 2003 investments in quoted shares and unquoted shares are revalued at the year end at market price and as per book value of last audited balance sheet respectively. Provision has been made for any loss arising from diminution in value of investment; otherwise investments are recognized at cost.

#### **ii) Revaluation gains/losses on Government securities**

**BFRS:** As per requirement of BAS 39 where securities will fall under the category of Held for Trading (HFT), any change in the fair value of held for trading assets is recognized through profit and loss account. Securities designated as Held to Maturity (HTM) are measured at amortized cost method and interest income is recognized through the profit and loss account.

Also provision for sub-standard loans, doubtful loans and bad losses has to be provided at 20%, 50% and 100% respectively for loans and advances depending on the duration of overdue. Again as per BRPD circular no. 10 dated 18 September 2007 and BRPD circular no. 14 dated 23 September 2012, a general provision at 1% is required to be provided for all off-balance sheet exposures. Islamic Banking is a trade-based mode of banking where compliance of sharia guidelines in the precondition for its legitimacy. In addition to the prohibition of the interest and classification of business activities between lawful (halal) and un-lawful (haram), sharia also provides guidelines of business process and translation. Any income generated from trading or investments without confirming to these Sharia instructions are considered un-lawful and termed as "doubtful Income" in the terminology of Islamic Banking.

However, since the "Doubtful Income" is not an "income" - as such the nomenclature has been already been changed as "Compensation" instead of "Doubtful Income".
